

JAMIE LUJAN

PROFILE

Creative and versatile media professional with over 25 years of experience in production, direction, and technical roles, seeking to leverage a diverse skillset with an innovative and creative company. Demonstrated ability to support complex productions, adapt to rapidly changing technical/creative environments, and enhance content quality through innovative solutions.

EXPERIENCE

Instructional Specialist, EdX(2023-Present) - Remote

- Facilitated online Full-Stack Web Development courses, emphasizing front and back end technologies.
- Led technical setup and troubleshooting, enhancing the learning environment for the students.
- Spearheaded a study group initiative, providing leadership and fostering team collaboration.

Associate Producer, Sneak Preview Entertainment (2020-2024) Hollywood, CA

- Oversaw technical and logistical aspects of film production, from pre- to post-production stages.
- Rehearsal coach and courier for Rita Moreno.
- Implemented innovative solutions for on-set challenges, including a custom teleprompter system.
- Managed technical requirements for film premiere and promotional events, aligning with industry standards.
- Built (and maintain) websites for films

Co-Writer and World Builder, Silby Street Productions - Los Angeles, CA

- Co-developed an expansive tech-fantasy anime series, creating a detailed universe bible that laid the foundation for a richly layered narrative world.
- Instrumental in the creation of primary and secondary characters, and the overarching universe

Camera Operator/Lighting Design, Lighthearted Productions (2017-2019) Toluca Lake, CA

- Managed multi-camera setups and lighting for high-profile interviews
- Improved operations workflows, enabling a higher volume of interviews and enhancing production quality.

TV Editor, Bravo Networks (2017) - Los Angeles, CA

- Edited in-depth interviews under tight deadlines, showcasing an ability to work under pressure while delivering high-quality content
- Improved technical proficiency with editing software and video formats.

Additional Experience

- **Cofounder, Merchandise Productions, LLC** (2005-2015) - Chicago, IL: Produced and directed short films and live-show sketches; organized a 2-month tour of shows in Los Angeles (2009).
- **Director/Producer** on various projects (2005-Present) - Chicago, IL & Los Angeles, CA: Managed all stages of production for stage and film projects, with an emphasis on creative vision and technical execution.

SKILLS

- *Quick Technology Adaptation:* Extensive experience with various full-frame digital cameras and a quick learner of new technology, adaptable to specific equipment such as Sony FX6/FX3 and BlackMagic URSA.
- *Production and Direction Expertise:* Strong experience in directing and producing content across multiple media formats. Versatile background in live film sets and stage management, with solid knowledge of the logistical and operational aspects of live productions.
- *Collaborative Leadership:* Strong track record of fostering teamwork and effective communication among production staff, cast, and crew. Leadership roles in educational settings highlight ability to mentor and guide teams towards achieving collective goals.
- *Industry Passion and Knowledge:* Deeply passionate about the intersection of technology and entertainment with a broad knowledge base spanning movies, video games, and digital content creation.
